

## **REMARKS**

### **Claim Status**

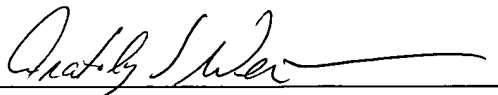

Claims 1-47, 49-53, 66-72, and 86-88 will be pending after entry of the above claim amendment. This paper cancels claim 48 without prejudice or disclaimer.

### **Note Regarding Official Notices**

In the Office Action, the Examiner took Official Notice of several alleged facts, and cited certain items in support of the Official Notices. The cited items speak for themselves. Some of them may not be prior art. For example, references to Google and East do not provide any dates. Applicant traverses to the extent that the scope of Official Notices goes beyond the references that properly fall within prior art. Applicant in particular wishes to point out that whatever the Examiner's definition of a "portal," Applicant believes that the portal claimed in the application is new. Applicant submitted a Declaration to that effect at the time the application was filed.

Respectfully submitted,

Dated: June 27, 2006
